ABOUT THE FOUNDER

DSV Bharadwaj, is the Founder of LAASA Foundation. He hails from Srikakulam, District, Andhra Pradesh, was hit by a major problem in retina at the age of 8. His parents were detached when he was at the age of six, his mother alone took the problem of his vision, and visited many hospitals in India, but the result is nothing. Being 100 % blind, he progressively with his stupendous efforts, has reached to the position of Head Master of High School. His strong desire was, being human, to serve humanity is the real serving to God, and decided to serve the society selflessly. On 13th Oct 2013, he established LAASA Foundation, with the objective "Love All And Serve All", inspired by the saying of Bhagavan Sri Satya Sai Baba. Volunteers are the pillars of this Foundation. We at LAASA believe in Integrity & Transparency in everything we do.

HAVE WE EVER THANKED OUR LIFE ? MESSAGE FROM THE FOUNDER :-

Think of a tear coming from one's eyes, think that your hand is near the tear to wipe out, probably that hand might be the wealthiest hand of this entire universe. Yes, my dear friend life is so simple, when we address it, life will become so complex, when we want to make so much out of it. But, have we ever, thanked our life? Have we ever, paid our gratitude to our life? Yes, my dear friend, even our own life, requires and needs gratitude, what is that? Knowing the purpose of our life, is the gratitude that we can pay to our life. How, can we notice the very significant purpose that why we are born. Here, I will narrate you a little story. One day, I was sitting in my drawing room and suddenly heard a knock on my door when I opened, I found, 03 people standing out, I welcomed them inside, and offered seats, they introduced themselves to me the first person was Mr. Dhanunjay a leukemia patient age 21 and 2nd person was his brother and 3rd one is his uncle. I was stunned that, Mr. Dhanunjay was our LAASA foundation beneficiary, where our organization has supported him a lot for his cancer treatment at Hyderabad. He belongs to very poor and downtrodden family he has no money even to travel to Hyderabad, but we the LAASA stood by them and provided our service with love. Do, you know why he had visited me, the Doctor has declared that soon he may die at any point of time and advised his family members to fulfill his last wish. My dear friends, to our utter surprise his last wish was to see me, he said that sir, you have given your love and support more than a mother and a father. Sir, this LAASA has granted me good health for some time and allowed my life to be extended. Indeed, I am blessed sir, indeed I am thrilled sir for the compassion which you and your volunteers have shown as selfless help which you people are doing. He hugged me and wept in tears, on that particular time, in that moment I realized the purpose of my life, and cause of my birth, and somehow I felt that, I have been saying thanks to my life, that it had given me a golden opportunity to serve and accept the life without excepting anything, My dear friends, let us take this mission of LAASA as a penance, not as just an act of deed. Yes, it is the highest of all prayers and the highest of all worship that we offer to lord. Please do inspire and join your near and dear in this LAASA, so that somewhere some needy at some point of time may require our help, are you ready to serve ? are you ready to love ? Please do answer this question, many proactive volunteers have answered this question and we as a fellow being of this noble organization formed as a group to spread our love and service across India, with more volunteers and with many service activities the group is named as LAASA Army 108, if you are a volunteer of this organization please do join in this group by contacting our LAASA helpline 9848873108. Just do one thing to say the gratitude to our life, to feel the contentment in your heart, and to prove that you are the embodiment of pure humanity, these are the words of a person who couldn't see anything in this world. Please do understand these lines with love, and join your kind hearts with LAASA, so that we can bind our services to the poorest of the poor to wipe out their tears, with love. Loving All and Serving All.

Here is the most supporting hand of LAASA, this is probably the pathetic condition of a lady Athreyapurapu Bhagya Laxmi who lost her husband due to Covid-19 and became supportless and leading miserable life with her two children. Let us join our hands : Medical Assistance.

Probably this is the most loving activity of our LAASA history. Tears will come out of our eyes if we listen to this miserable story of this old couple. Gundala Surya Narayana is a paralyzed patient living along with his wife in a cattle shed where some cattle are sharing the roof and these two old couple are living in that cattle shed. What a pitiable and miserable condition is this ? They are financially very poor and cannot afford healthy food, medicine and no one is there to take care of this old couple. LAASA Volunteer Korada Appalaramulu has informed about their situation to LAASA, we immediately responded, provided food & medicine to most deserving couple. Donations of Volunteers are being sanctified as it is been used in these kind of service activities. Certainly it is a divine service. We have wiped out their tears. Join hands with LAASA, to serve the deserving needy around you with your own hands, with our support.

INSPIRING VOLUNTEERS OF LAASA

Unstoppable chain system:- Myself, Jami Bharat Charan, Volunteer ID-LV000004, currently retired from Government service, as a Head Master. I feel honored to share with you all that, I was one among the volunteers who joined on day 1 in LAASA, on the inauguration day. Mr. DSV Bharadwaj, is my close friend, and when he explained about the foundation that he is dreaming to establish, I really felt amazing, and thought that, it will be a ray of hope for poor and needy. Mr. Bharadwaj, is 100% blind and I had a great association with him, from several years. As a matter of age, he is very young to me, but all the time, all the way, I feel that, there is something which I can learn from him, really that is the divinity within his heart. Now coming to

LAASA, this is not an ordinary mission, this is probably, an unstoppable chain system and is spreading across the country incredibly. I remember that day, when I was in a training session, and one of my teacher came to me and asked me, what I was doing in Laptop, I told him that, I am registering a volunteer to LAASA foundation. Immediately, he asked me, please do join me too in this foundation. I accepted his request and joined him as a volunteer, thereafter, he joined another person, and the chain link of our introducers spread across India. Anyone can help any poor and needy anywhere In India, this is our system, the ethicality, the sincerity , the integrity are the true symbols that, LAASA follows . I salute all thousands of volunteers, who are spreading this great motto of “Love All And Serve All”.

Carry the journey:- This is Allu Sri Hari Naidu, Volunteer Id-LV001723, I have been working as a Maths Lecturer in a private Junior College. Once I visited LAASA Office, and had great opportunity to speak to beloved DSV Bharadwaj garu, it really turned my life, I was stunned to the practices and principles that the foundation and the founder observing minute to minute only for the cause of selfless service. I got the glim of Shri DSV Bharadwaj, and caught the magical sense of his most loving words and decided to have the journey along with him. In his personality development sessions as a Lecturer, I found many opportunities in various colleges, and in various places, to arrange personality development sessions of LAASA foundation by Shri DSV Bharadwaj, really it gave me immense satisfaction in my life. I personally witnessed more than 30000 children who heard the words of Shri

DSV Bharadwaj, have greatly inspired. I request one and all, please do, join in LAASA and carry the journey along with its great flow of love, that will give you the true self-satisfaction.

Something in my heart. My name is A Aruna Kumari, Volunteer Id-LV001194, I am a mother of two children right from my childhood, I have some values in my heart, to do something to this society, I found LAASA foundation, at first I thought that , this is also, one among many service organizations. But, when some incidents, took place in my life, I could realize what, life means, and I can assess the power of true love and the value of selfless service. From that movement, I could feel the difference in LAASA foundation, comparatively to other foundations / organizations. My intention is, we have only one life, we must utilize it in a proper way, so that, there might be, and there will be a great satisfaction, when we think of our past. I am associated with this wonderful foundation and truly the love of LAASA had given me immense satisfaction and it is

a great boon for me, to walk in the path of my life, with courage and with pride. Now, I have something in my hands, something, in my heart and something in my soul, definitely that is nothing but my LAASA foundation. I love my LAASA forever.

Boundaries to be not known:- Myself, Sadu Hemasundar Rao, volunteer Id-LV000869, I have been in this foundation since 2016 and I like this foundation for its impeccable transparency. I am striving hard, to make this foundation, to reach every needy person door step, it is possible only when the volunteer starts raising their units as well as, good people join in this foundation for giving their selfless service. I want the foundation boundaries to be not known, it should be expanded worldwide. Hope it would flourish and accomplish its goal to wipe out the tears of poor and deserving needy to some extent.

For the purpose of :- Myself, Potnuru Venkata Rajesh Kumar, volunteer Id-LV001568, I was introduced to LAASA by my beloved friend Shri Sadu Hemasundar Rao. I was enthralled when I visited the foundation, upon seeing the founder sir, Shri DSV Bharadwaj, I strongly determined to extend my service with love. I suggest the other volunteers to be most dedicated, devoted and continue our selfless service till our last breath. Transparency is the greatest ingredient of LAASA, which made me spellbound and committed towards my service. I have been striving a lot to improve LAASA horizontally and vertically, that means, joining new volunteers, and also, encouraging people, to raise their donation for the purpose of selfless human service.

Till my last breath:- Myself, Ravi Kumar Ponduru, volunteer Id-LV003355, my well-wisher, Shri Ruppa Ramana Murthy, Ex-Army, a resident of Srikakulam, Andhra Pradesh, took me to a place, there I was introduced to a blind person. At a first glance, I thought, why I am here before a blind person? what's happening? all these things made me desperate. Then, the blind person who is sitting before us, started talking slowly, about life, people sufferings, humanity and all, I can't believe, it was one hour brief interaction about the purpose of being born as human being, and the way of living life.

That, one hour has changed my perspective on life. I understood that, we are the temporary residents to this Earth, and human life has a definite purpose. Moreover, being human is given, but keeping our humanity is a choice. The one line, which he had stressed upon, has deeply implanted inside my heart "Who are we as human beings, if we ignore the suffering of others"? Since then, I became a Volunteer of LAASA Foundation for a noble cause, and constantly focusing on the betterment of downtrodden people through guidance of LAASA Foundation. I am fully satisfied with my life now, and learnt a lot about myself, understood my true potential and started living like a human being. Overwhelmed by the transparency, accountability and the unique way of serving the poor and deserving needy, adopted by LAASA Foundation, I have raised my monthly contributions 01 Unit = Rs. 108/- to 16 Units = Rs. 1728/-. I had not stopped here; I joined my son Ponduru Josith as a volunteer in this Foundation, just few minutes after his birth i.e. on 27-09-2020 with 10 units monthly contribution, probably he is the youngest volunteer of LAASA. Thereafter, I joined my family members, and my friends in this impeccable Foundation. I request the readers to Join in this Foundation as a Volunteer, to discover the real "You" within you. Loving LAASA till my last breath. Lets Love All And Serve All.
